History of the University

The University of Scranton was founded as Saint Thomas College by Most Reverend William G. O'Hara, the first Bishop of Scranton, who had always hoped to provide an opportunity for higher education in the Lackawanna Valley. In August of 1888, with few resources at hand, he blessed a single block of granite as a cornerstone for his new college, which would admit its first students four years later. (The cornerstone of Old Main is preserved in the wall of St. Thomas Hall located at the corner of Linden Street and Monroe Avenue.)

The college was staffed by diocesan priests and seminarians until 1896 and then, for one year, by the Xaverian Brothers. From 1897 until 1942 the school, which was renamed The University of Scranton in 1938, was administered for the Diocese by the Christian Brothers. In the late summer of 1942, at the invitation of Bishop William Hafey, 19 Jesuits, including the University's first Jesuit President, Rev. Coleman Nevils, S.J., arrived on campus to administer the University.

The Jesuits restructured and strengthened Scranton's traditional and pre-professional programs with an emphasis on the liberal arts, which are the foundation for every program at a Jesuit university. This emphasis is intended to give students an appreciation for all disciplines as they develop specific subject knowledge. The University has flourished as a Catholic and Jesuit institution, growing from what was primarily a commuter college with fewer than 1,000 students to a broadly regional, comprehensive university with a total enrollment of approximately 4,825 students in undergraduate, graduate and non-traditional programs.

As we move forward, The University of Scranton embraces five bold, transformational strategic goals. Grounded in our mission, this Strategic Plan 2020, "Our Core, Our Community, Our Commitments," guides our University community as we navigate changes, challenges, and opportunities today, though we believe its impact will be felt well beyond.

In September 2021, Rev. Joseph G. Marina, S.J., was inaugurated as the University's 29th president. During his tenure, the University has continued its commitment to enriching the quality and variety of its academic offerings for the success of its students.

All three of the University's colleges have added academic programs in recent years in wide-ranging areas, from STEM and the humanities to health sciences and business. New program areas include cybercrime investigation and cybersecurity, Black studies, mechanical engineering, business analytics and speech-language pathology.

In addition, the University continues to invest in its physical plant, with more than \$350 million in campus improvements made in recent years, among them the most substantial capital projects in its history – The Patrick and Margaret DeNaples Center and the Loyola Science Center. Other facilities additions include Christopher and Margaret Condron Hall and an apartment and fitness complex, which consists of the Rev. Scott R. Pilarz, S.J., Hall and Montrone Hall.

In September 2015, the new Edward R. Leahy Jr. Hall, which houses the departments of Physical Therapy, Occupational Therapy and Health and Human Performance, was dedicated. In 2018, the University dedicated the 11-acre Rev. Kevin P. Quinn, S.J., Athletics Campus. Located along Broadway Street in Scranton, it is home to the University's soccer, lacrosse, field hockey, baseball and softball Division III NCAA teams. In 2021, 5,000 square feet of new mechanical engineering labs and shop area were added in Hyland Hall.

Most recently, the University broke ground for a nearly 90,000 square-foot center for workforce development, applied research and outreach located on the 300 block of Madison Avenue. The building is expected to be completed for fall 2025.

Scranton is counted among America's finest universities, according to a range of national publications. For three decades, U.S. News & World Report has ranked Scranton among the "top 10 master's universities in the North." Year after year, the University is listed among the "best colleges" by Forbes and The Princeton Review. The University is also consistently ranked among the "best values" in college education by U.S. News & World Report. In 2021, Washington Monthly ranked Scranton No. 84 among 616 master's universities in the nation for its "contribution to the greater good." In its Best Graduate Schools 2023 guidebook, U.S. News & World Report ranked Scranton's program in health care management No. 41, MBA specialty programs in accounting No. 19; business analytics at No. 25; and finance at No. 28 in the nation.

Academic Regalia

The colorful attire worn by the graduates, faculty and officers of the University and by the academic delegates has its roots in medieval traditions that reach back to the earliest universities – to Paris, Bologna, Oxford and Cambridge. The precise origins of the several parts of the academic garb are unknown, but since medieval students enjoyed the status of clerics during their university years, we assume that their attire was inspired by the clerical dress of the time. Early European universities required students and teachers to wear distinctive gowns at all times. The tradition was brought to this country in colonial times, but the requirement for students soon disappeared and professors limited the custom to special occasions.

The Gown. Gowns are generally black, and there are three basic types. The bachelor's gown is plain with a fairly elaborate yoke and long, pointed sleeves. It is worn closed. The master's gown is similar to the bachelor's except that the sleeves are open at the forearms and end with an extra, square-shaped swatch of cloth that originally formed a pocket for reading and writing materials. Master's gowns are worn either open or closed. The doctoral gown, the most elaborate of the three, is adorned with velvet panels on the closed front and around

the neck and three velvet bars on each full, bell-shaped sleeve. Although black is the most common color, the velvet panels and sleeve bars may vary according to the faculty that granted the wearer's degree.

The Hood. The colors of the hood reveal the level of a degree, the major field of learning in which the degree was awarded, and the institution by which the degree was conferred. The bachelor's, master's and doctoral hoods are three, three and one-half, and four feet long, respectively. The all-encompassing velvet trim that denotes the field of learning is likewise, two, three, or five inches, respectively. The lining of the hood is worn exposed to show the colors of the school awarding the degree. Most schools have a two-color pattern using chevrons or bars to differentiate schools whose colors may be alike or very similar. The University of Scranton hood, for example, is lined in royal purple with a white chevron.

The Cap. Generally, the mortarboard or Oxford cap is worn with all degrees, although an Elizabethan-style soft cap is used with some doctoral attire. Black tassels are most often used, but many schools have adopted the practice of using tassels matching the hood color. Doctors and presidents of institutions frequently wear a gold tassel.

The Heraldic Banners

The University commissioned the ten heraldic banners carried in the academic procession to celebrate the 450th anniversary of the founding of the first Jesuit college in Messina, Sicily (1548), and the 110th anniversary of the founding of Saint Thomas College (1888), the precursor of The University of Scranton. The heraldic devices on the banners bear witness to the influences that have endowed the University with its distinctive identity.

- ❖ The banner adorned with the seal of the Society of Jesus (IHS, surmounted with a cross above three nails and surrounded with a halo of rays) announces that The University of Scranton is a Jesuit university.
- ❖ The banner adorned with the seal of the family of Saint Ignatius Loyola (a golden pot suspended between two wolves) bears witness to the fact that the University's educational philosophy is derived from the thought of Saint Ignatius (1491-1556), the founder of the Society of Jesus.
- ❖ The banner adorned with the seal of the Diocese of Scranton (a star rising between two crossed keys) recalls and celebrates the fact that the University was founded by the Most Reverend William O'Hara, D.D., the first Bishop of Scranton.
- ❖ The banner adorned with the seal of the Brothers of the Christian Schools (the five-pointed star) honors the Christian Brothers' half century of devoted service to the students of Saint Thomas College and The University of Scranton.
- ❖ The banner adorned with a device drawn from the seal of the Commonwealth of Pennsylvania (the stack of wheat) both identifies the University's location and proclaims its special mission to the citizens of Pennsylvania.
- ❖ The banner adorned with the iconic symbol of Saint Thomas Aquinas (the radiant sunburst) recalls both the name of the University's precursor college (Saint Thomas College) and announces that Saint Thomas remains the heavenly patron of the University.
- ❖ The banner adorned with the crown refers to the nickname of the University's athletic teams (The Royals) and announces that, in the tradition of the *Spiritual Exercises* of Saint Ignatius Loyola, all of the sons and daughters of the University are called to follow Christ the King.
- ❖ The banner adorned with the picture of the sailing ship celebrates the devoted service that the members of the Maryland Province of the Society of Jesus (whose ancestors in the faith arrived in America in 1634 aboard the *Ark* and the *Dove*) have rendered to the University and its students since 1942.
- ❖ The banner adorned with the Cross of Patonce suspended above an unfurled banner bears witness to the fact that the University is a Christian institution of higher learning. The legend on the banner bears the motto of the University: "Religio, Mores, Cultura."
- ❖ The banner adorned with the Chi Rho superimposed upon an open book testifies to the University's belief that, as its Mission Statement says, "Jesus Christ is the primary source for the values and attitudes that imbue the culture of its campus."

The University Mace

The University Mace is traditionally carried at the head of academic processions as a symbol of educational authority and institutional identity. The mace consists of a 56-inch polished aluminum staff topped with an engraving of the great seal of the University

with sunburst accents formed by cut-metal rays. The symbol of the Society of Jesus appears on the rear of the mace. The seal is echoed on the verges, which consist of shorter hardwood rods topped with an engraving of the great seal of the University in brass.

The Presidential Medallion

In ancient and medieval Europe medallions of office were worn as breastplates by figures of authority or distinction. The University of Scranton Presidential Medallion is such a symbol, and it continues the tradition of incorporating educational, religious and historic icons that describe the institution's distinctive character.

The center of the medallion is an enameled rendering of the great seal of the University surrounded by rays. The principal colors of the seal are the traditional colors of the University, white and royal purple. On the purple field is a horizontal silver bar containing, in purple, a star derived from the Seal of the Brothers of the Christian Schools, a symbol taken from the seal of Saint Thomas College, the predecessor of the University, and two stacks of wheat from the obverse of the coat of arms of the Commonwealth of Pennsylvania.

The upper half of the seal contains, in gold, two wolves grasping a cauldron suspended from a chain. They are taken from the coat of arms of the family of Saint Ignatius Loyola, and they identify the University as a Jesuit institution. Below the silver bar is a golden rising sun, symbolic of

Saint Thomas Aquinas, the shining light of the Church and the patron of the University.

The border of the seal reproduces the border of the shield of the Diocese of Scranton and the silver hemispheres are taken from William Penn's coat of arms. The crest is a golden cross of the style known as Patonce. It symbolizes Christ, the goal and the norm of the University's educational efforts, and it complements the motto the University has had since it was entrusted to the care of the Christian Brothers in 1899: *Religio, Mores, Cultura*.

The great seal is surrounded by the name of the institution and its founding date, 1888, and is further embellished by a sunburst of rays also derived from the iconic symbol of Saint Thomas Aquinas.

The Presidential Medallion is worn on a silver chain with links inspired by carved wooden moldings in The Estate, the ancestral home of the Scranton family. It is engraved with the names of the previous presidents and the founder of the University. The chain is connected by a link adorned with the symbol of the Society of Jesus.

The medallion was designed and crafted for the University by Mr. William Reidsema of Clarks Summit, Pennsylvania.

Alma Mater

The hours too quickly slip away
And mingle into years
But memories of our Scranton days will last
Whatever next appears.
The legacy from those before
Is briefly ours to hold,
We leave the best behind for others
As the coming years unfold.

With faith in lives that touch us here
And paths that ours have crossed
We know that reaching for the rising sun
Is surely worth the cost.
May God be ever at our side,
May goodness fill our days.
We hail as loving sons and daughters
Alma mater ours always.
